The S.S. has not specifically answered the point about the acquisition separating the stables from the main building by a right of way. It might be well to ask the Collector to satisfy himself on this point.

STATEMENT OF MR. W. EKAMBARAM.

I appear for my client Mr. S. Linganna. He is the sole owner of the property proposed to be acquired, which is at present rented to a tenant. He objects to the proposed acquisition, as ~~we~~ it would diminish the value of the property which would be considerably enhanced were the building extended over the area in question or part of it. Moreover the acquisition would separate the stables belonging to the house from the main building by a right of way and thereby diminish the value of the stables.

As the ~~decision~~ division of the property will seriously diminish its value, he considers that the whole area including the main building and the stables should be acquired.

Petition dated 28th ~~July~~ June 1929, from S. Linganna, son of Ramalinganna, No. 107, Old Poor House Road, Civil and Military Station, Bangalore, to the Collector, Civil and Military Station, Bangalore.

----:0:----

I, the petitioner above-named, beg to state the following objections to the proposed acquisition of a portion of the compound of my house No. 163, in Narayana Pillay Street, for the alleged purpose of opening a lane.

There is no need whatever for opening any lane as at present proposed.

If however it is thought very necessary to open the lane in question, then it is respectfully requested that the whole of my house including the area sought to be acquired be ordered to be acquired on payment of suitable compensation for the whole premises, viz., Rs.20,000/-, acquisition of only a portion of my compound prejudicially affects my whole house and causes much inconvenience and loss to me.

I beg to make an alternative proposal, viz., that in exchange for the area now proposed to be acquired, I may be given an equivalent area from out of the vacant Municipal land opposite my house 59-F, No.2 Street, in New Road.

If any of the above proposals submitted by me be not -- accepted, then I may be granted compensation of not less than - Rs.4000/- for the area now proposed to be acquired.

1. The lane is necessary as it has to be connected with the blind lane known as S. No. 4, Street which is situated to the west of this land. The opening of this lane will improve sanitation in that locality.

2. The land is now lying vacant and nuisance is committed on it by the residents in the locality. It will not affect the existing house nor will it cause any inconvenience to the owner of the house.

3. This is impossible. The land referred to is situated in the Quadrant which is a business locality.

4. The compensation proposed by the Collector is reasonable.
